What I'd like to do now is take a step back and let you get to know PROS as a company a little better. We believe we not only have a very powerful value proposition to offer, but we're also committed at our very core to driving the success of our customers. This commitment has been in place from our very start 30 years ago, and there's still nothing more important to us today. Our corporate culture revolves around this commitment and our track record proves it. At the highest level, PROS is a company that provides the AI platform companies need to power their commerce.

Partnership Objective

To empower Genetec with an adaptable platform to dynamically enhance sales effectiveness through modern commerce capabilities

PROS Solution Overview

©2018 PROS, Inc. All rights reserved. Confidential and Proprietary

page 6

Before we get into the solution, we need to understand your value priorities, pain points and desired outcomes

There are many different reasons people invest in PROS –

A large number of our customers implement PROS because they want higher margins and to prevent revenue leakage.

Others want to increase their Win rates.

Some people buy PROS for better operational execution – they can't execute a price change update or get a quote out fast enough

Sometimes people buy CPQ or a pricing system just so they can capture and store data. Every quote then runs through their system

A lot of time they buy Pricing and Analytics so they can see what changes are going on with their customers.

Several customer have bought PROS because they care about Compliance and Risk Mitigation. What I mean by that is – lots of CFOs get upset because they look for an audit trail of changes and they can't find one. Different prices pop up for customer and nobody has any idea where they came from. They want an Audit trail as a minimum standard

Cost efficiency – this is to reduce manual work (like price corrections / credits etc.)

Organisational Transformation – For example – I want to change the way my sales reps quote business and the only way I'm going to do that is I'm going to implement a CPQ system (as a catalyst). Some customers have spend millions on a CRM system their Sales reps don't use! The CPQ system will force them to use the CRM to generate a quote.

We have the experience and the credibility leading enterprises want when it comes to trusting a vendor with something as critical as their data. They want to know they've chosen the low-risk partner not only when it comes to protecting that data, but also when it comes to ensuring a high return on their investment. From the very beginning, PROS has worked side by side with our customers to understand their challenges and find innovative new ways to overcome obstacles to drive the success of their business. They choose PROS because of our incredible, customer-centric team of 1000 plus professionals who have proven we'll deliver the value we promise. That's why we can boast of a more than 95% customer retention rate -- our customers stay with us year after year because they can count on us and they know only we can help them compete and win in the digital economy.

PROS Solution Vision for Genetec

PROS®

PROS AI Platform Powers Solutions that Drive Value

A high level view of PROS Harmonized solutions.

Control – A centralized pricing policy and management system where company-wide pricing strategies are built, maintained and deployed, providing quick and easy access to current and accurate pricing across all channels in a timely and efficient manner.

Guidance – uses AI to optimize the pricing in each transaction. It leverages peer segmentation for customers and products and predicts the customers willingness to pay, providing the seller a price he can quote with confidence that extracts the most value from the transaction while maintaining a high likelihood of close. It integrates seamlessly into your CRM or ordering system. Guidance will deliver 100 to 300 basis points of margin improvement, along with revenue increase.

RTPE/ E Commerce – is a solution that puts the power of the CPQ engine on a web site for use by anyone with access including employees, channel partners and/or end users. It pushes all the capability to a self-use mode.

Smart CPQ – CONFIGURE PRICE QUOTE is a powerful configuration and quoting tool that makes every sales person an expert, supports 3D rendering and can support literally thousands of line items on a quote or order.

Opportunity Detection – identifies previously unseen opportunities within your customer base and proactively presents those opportunities to the sales team for review and follow-up. The system identifies declining trends, gaps, white space and other sales opportunities to grow revenue within the base. Underperforming accounts

We help you sell smarter, making buying a better experience, and help you use your own data transformationally

Smart CPQ

PROS[®]

Show of hands, how many of you all own one of these? More importantly, how often do you use this? When was the last time you bought one? What changed?

While the web transformed the world, smartphones untethered that. Smartphones and apps have completely transformed how we engage with technology and the world around us, and have changed our expectations, as consumers, on our digital experiences.

Show of hands, how many of you all own one of these? More importantly, how often do you use this? When was the last time you bought one? What changed?

While the web transformed the world, smartphones untethered that. Smartphones and apps have completely transformed how we engage with technology and the world around us, and have changed our expectations, as consumers, on our digital experiences.

Manual approvals, emails, email chains, lack of accountability

Large catalogs make it difficult to know which products to recommend

Inaccurate configurations mean wasted efficiencies

Over discounted pricing and the lack of visibility and control in pricing leads to poor margins and money being left on the tables

The number one thing to lead to this end is increasing sales effectiveness. If you can measure it, you can manage it. Listen, you're going through this CRM implementation, but at the end of the day, you want to make more money. We want to help pay for this new infrastructure by helping you do faster and more accurate quotes and truly realizing the value of your CRM.

Smart CPQ: Accelerate Your Time to Revenue

©2019 PROS, Inc. All rights reserved. Content is your proprietary.

page 17

First it's about finding the right products to sell and the using our AI system to find other product recommendations to increase the deal size

The next step is creating and managing quotes and getting pricing recommendations to give you visibility into your pricing. You can then analyze your deal for its effectiveness using your own custom scoring and metrics and instantly see just how good of a deal this is. You can empower your sales reps to do the same.

Lastly, delivering on this quote as quickly is key, as time kills all deals. As soon as you're quote's ready, you can generate the documents you need to seal the deal and sync all of the information back to Dynamics or PROS pricing system

Benefits of Quote-to-Cash

Decrease time to quote from days to 15 minutes

PROS

Smart CPQ Designer

PROS[®]

For *Interstellar*, Christopher Nolan planted 500 acres of corn just for the film because he did not want to CGI the farm in. After filming, he turned it around and sold the corn and made back profit for the budget.

But how is he as a farmer? Specifically, a corn farmer? And WHY is he – or why WAS he – a corn farmer? Taking a peak behind the scenes of his 2014 hit *Interstellar* explains why he grew a huge field of corn, in a place that doesn't usually support corn, and then sold the corn for an actual profit!

In the script for *Interstellar*, the setting for the farm was written as being surrounded by corn fields with mountains in the distance. There are not a lot of places in the world, apparently, that can have both. So the filmmakers were taking a \$100K gamble to grow corn in Western Canada, outside Calgary, where the film was shot. To be honest, it doesn't seem like THAT big of a risk. *Interstellar* was a film with a \$165 million budget. The craft services were probably more than \$100K.

Business Management Software Company

UK-based enterprise software company serving 6M companies in 24 countries.

Streamlining the product catalog and proposal process for agility and consistency across channels.

Challenges

- Fragmented product information made product launches difficult and slow.
- Outdated catalogs leading to inconsistencies in product offerings across channels.
- Proposals that didn't consistently incorporate the right requirements.

Solutions

- A unified proposal platform for both internal sales and partners.
- Centralized product catalog for easy launching of new products to all channels.
- Proposal integration with Microsoft Dynamics CRM and Zuora.

Results

- Aligned product offerings across sales channels.
- Reduced proposal creation time while improving consistency and quality.
- Improved time-to-market for new products.

COMPANY – Enabling Efficient Multi-Channel Selling

As a leading global supplier of business management software solutions, related products, and services principally used by small to medium-sized businesses, COMPANY chose PROS CPQ to simplify and unify sales processes across all of its sales channels.

Business Challenges

Both the CIO and the head of R&D at COMPANY were seeking sales strategies and more efficient tools that would help transform their current “product-oriented” sales model into a “solution” oriented model that would work for in-house sales reps, as well as for resellers. COMPANY needed to develop unified proposals that would encompass services, accounting, and management requirements. They also had to address multichannel sales inconsistencies and multiple silos of product information that made new product launches difficult, catalogs out-of-date, inconsistent offers, and frequent delays in product time-to-market. The past solutions they tried were too complex and technical.

PROS Solution

PROS CPQ proposed a new architecture that was agile and simple to transform COMPANY's sales model with the ability to optimize its entire lead-to-revenue sales process through best-in-class automation and execution. Through a series of workshops, PROS consulted with COMPANY to combine the best solution architecture with the best sales practices. With PROS CPQ, COMPANY can feature its products in an electronic catalog that helps generate quotes based on multi-criteria searches, such as selected module, volume of users, and price. The solution empowers COMPANY's pre-sales to improve performance and reduce the time required to produce proposals. While maintaining the independence of participating teams, the solution maintains an alignment among all sales channels.

COMPANY uses Microsoft Dynamics as their CRM.

Hi Michelle and team,

Thank you so much for taking the time to meet with us this morning. I am attaching the spreadsheet with our notes. I have added a few more columns to reflect SoW reference, scope, and dependencies. I hope this helps.

Please let me know if you need me to jump on the phone with you tonight to discuss further; or if you need me to schedule another call with the entire team. I look forward to hearing from you soon!

Thank you,

Powering Modern Commerce
with Dynamic Pricing Science

PROS Comments	CRM or CPQ	Included in current SOW	In Scope	Requirement	MoSCoW	Phase	Category	Criteria/Requirement
Yes via D365's managed solution and Smart CPQ versioning	CRM or CPQ	Built-in	Yes	R21	Must	P1	ALM	Source control, packaging and deployment
Yes but not advisable (usually in ERP)		Built-in	Yes	R22	Must	P1	Catalogue	CPQ can be used as the product master catalogue (ie ERP or PIM)
Yes, catalog is exportable from CPQ into a predefined Excel Content File		Built-in	Yes	R23	Should	P1	Catalogue	Export of product catalogue (pricing, data, description) to a file (eg .xlsx or CSV)
Yes, catalog is importable into CPQ via predefined Excel Content File		Built-in	Yes	R24	Should	P1	Catalogue	Import of product CPQs, pricing, description from a file (eg .xlsx, CSV)
Yes, but need to know exact expectations (toggle between currencies in a single? Display multiple currencies in a single quote?)	CRM or CPQ	Yes	Yes	R25	Must	P1	Catalogue	Multi-currency support
Yes, limited only by lookup capabilities (my assumption is that with Perf Quoting, we can use Control's full lookup capabilities but not price lists)		Yes	Yes	R26	?	P1	Catalogue	Price List and Pricing Models (pricing, dynamic region specific, industry-specific, account-specific, external vs. regional)
Import is via customer push not via schedule		N/A [Customer]	No	R27	Must (but not sched)	P1	Catalogue	Scheduled import of product data, pricing and information from a file
Need to check what we put in the subscription - 100,000 visit-based licensing; a visit is defined as user opening a quote, viewing it or modifying it, and closing it		N/A [License Agreement]	N/A	R28	Must	P1	CPP	Concurrent portal licenses
This is a function of CRM, not CPQ	CRM dependency	N/A [CRM]	Yes	R29	Must	P1	CPP	Project registration request (project = opportunity), special pricing request
Yes		Yes	Yes	R30	Must	P1	Discounting	Ability to change both price and discount on specific item, category, session or entire quote
Yes; we can trigger approval workflows including indicating that quote should be auto-approved, but customer owns actual approval workflows within CRM (not in CPQ)		Yes [triggers are in scope]	Yes	R31	Must	P1	Discounting	Workflow management incl. automated triggering of discount approvals
CPQ will be hosted on Azure under PROS control; customer's CDM will not be		N/A for SOW	Yes	R32	Must	P1	Infrastructure	Fully hosted solution with option to be hosted on CPQ vendor's servers
No; CPQ will only ever be hosted on Azure under PROS control, never on customer's hardware	CRM dependency	N/A for SOW	No	R33	Should	P1	Infrastructure	Fully hosted solution with option to be hosted on Genetec's servers
Yes [assuming D365 Sales = D365 CRM]		Built-in	Yes	R34	Should	P1	Integration	CPQ Integration to D365 Sales
Yes		1 template in current scope	Yes	R35	Must	P1	Proposals	Automated creation of proposals based on pre-defined templates (text, images, quotes, etc.) [Document generation]
Yes but CAS not in scope		No	No	R36	Must	P1	Quoting	Ability to create calculators within the CPQ
Yes	CRM functionality	Yes	Yes	R37	Must	P1	Quoting	Ability to push quoted items to CSV
Yes		Yes	Yes	R38	Must	P1	Quoting	Creation of BOAs that enable pricing (hide pricing for components of bundle)
Yes		Yes	Yes	R39	Must	P1	Quoting	Manual selection of products & SKUs to assemble by product, feature, region, or other criteria
This is a built-in capability of D365 (not CPQ)		Built-in	Yes	R40	Should	P1	Quoting	Quote cloning (eg. copy paste-create new)
Yes	CRM functionality	Built-in	Yes	R41	Must	P1	Quoting	Quote creation & management embedded within the CRM app (eg. not a separate pop-up dialog or tabs)
Yes [Assuming product's summary boxes satisfy this]		Yes	Yes	R42	Must	P1	Quoting	Quote header with dashboard (Gross margin, HW vs SW, Overall discount, etc)
This is a function of CRM, not CPC		N/A [CRM]	No	R43	Should	P1	Quoting	Reports on quotes created by user
Yes		Yes	Yes	R44	Must	P1	Quoting	Support for unified quotes (eg. multiple products, perpetual and SaaS licensing models, servers, hardware & software)
Yes via Smart CPQ Designer Export file	CRM functionality	Built-in	Yes	R45	Should	P1	Reporting	Export of configured rules to a file by product and SKU
Configuration exists		No	No	R46	Must	P1	RMR	Appropriate handling of subscription relative items on quote
Yes		Built-in	Yes	R47	Must	P1	Security	Ability to set access to products, bundles, SKUs based on user group, user role, region, or other criteria
This is a function of CRM, not CPC		N/A [CRM]	No	R48	Must	P1	Security	Customization of user access rights & privileges in addition to inherited rights, with the most restrictive rights prevail
This is a function of CRM, not CPC	CRM functionality	N/A [CRM]	No	R49	Must	P1	Security	Detailed privileges per user group and user defining what they can see and do
This is a function of CRM, not CPC		N/A [CRM]	No	R50	Must	P1	Security	Inheritance of access rights & privileges based on a hierarchy (User Group to Users)
		N/A [Included in Subscription]	Yes	R51	Must	P1	Security	Role-based access control & privileges for internal users (Genetec) and external users (channel/dealers, end users)
Yes, subscription includes product support	CRM dependency	Built-in	Yes	R52	Must	P1	Support	Basic tech support included
Yes via Smart CPQ Designer, BUT questionable whether they will consider this sufficiently business-user-friendly		Yes	Yes	R53	Must	P1	UX	Parts manager or Admin tool (eg. product/pricing admin tool) that can be managed by business user
Yes assuming this means quote header		Yes	Yes	R54	Must	P1	UX	Visualization of quote summaries
Configuration exists via workflow		No	No	R55	Must	P2	Catalogue	Bundle & kit > A bundle or base package can include both priced items and free items (eg. first 10 devices are free)
Yes; bundles are linked skus, with no systematically enforced differentiation between types of SKUs	CRM functionality	Yes	Yes	R56	Must	P2	Catalogue	Bundle & kit > Mixed bundles that include hardware, software, SaaS, perpetual, servers
Yes; bundles defined by associating skus in the catalog via "breakdown" product links		Yes	Yes	R57	Must	P2	Catalogue	Bundle & kit creation and management based on existing products & SKUs in the catalogue
Yes; business properties can be defined and varied across "collections" of SKUs		Yes	Yes	R58	Must	P2	Catalogue	Constraint-based rules by product, feature, or SKU such as minimum and maximum quantities, CMA mandatory
Configuration exists via workflow		No	No	R59	Must	P2	Catalogue	Constraint-based rules related to quantities (sold in units of 10 or 100)
Yes; can be effected either via catalog structure or business properties	CRM/Integration dependency	Yes	Yes	R60	Must	P2	Catalogue	Different parts list by region or SI (e.g. if not certified on LFR, LPR items should not appear)
Yes; catalog can be organized into collections and sub-collection		Built-in	Yes	R61	Must	P2	Catalogue	Hierarchical view & management of catalog by top-level product, sub-products, sub-SKUs and feature
Customer owns actual approval workflows within CDM (not in CPQ)		N/A [CRM]	No	R62	Must	P2	Discounting	Discount approval workflow configuration (both internal and from portal)
Yes		Yes	Yes	R63	Must	P2	Discounting	Discount max levels associated to user groups (eg. VPs, Directors, Sellers) and specific users
This is a function of CRM, not CPC	CRM functionality	N/A [CRM]	No	R64	Should	P2	Discounting	One click discount approval
API Based Integration = We provide APIs for Catalog, Configurator, Quote and Design Environment		Built-in	Yes	R65	Must	P2	Integration	API (eg. REST-based) for Login, Configuration & Rules & User Management, Product Data Management and more
D365 Portal Integration = We're using the CRM Quote entity so it naturally integrates with the D365 Portals. It'll require some project work to create a dedicated Web Page Template to embed the CPQ quoting UX		No	No	R66	Should	P2	Integration	D365 CPQ/CRM Portal integration
		No	No	R67	Must	P2	Integration	Synch of all CPQ-related activities (eg. quote generation or issuance) with D365 CRM Activities timeline
Yes	The attachment of data to catalog items is the responsibility of Genetec, however, the logic that integrates this into the proposal will be handled by PROS	Yes [except only 1 template in current scope]	Yes	R68	Must	P2	Proposals	Assignment of proposal templates for specific products, bundles, regions, or other criteria
		No	No	R69	Should	P2	Proposals	Automated appending of supporting documents to proposals (eg. datasheets, brochures, design documents)
Q1 2020 Roadmap		No	No	R69	Should	P2	Proposals	Automated appending of supporting documents to proposals (eg. datasheets, brochures, design documents)

	The attachment of T&C data to catalog items is the responsibility of Genetec, however, the logic that integrates this into the proposal will be handled by PROS	Yes	Yes	R70	Should	P1	Proposal	Automatic assignment of pre-defined terms and conditions to quotes by product-specific SKUs, region, or other criteria as needed
Yes, entire folders can be duplicated within a quote		Built-in	Yes	R71	Should	P2	Quoting	Copy sections of quotes (e.g. site 1 and site 2 are almost identical, want to copy to reduce labor)
Configuration exists		No	No	R72	Must	P2	Quoting	Guiding Selling's Ability to ask user questions (e.g. # of facilities, # of devices, etc.) to then propose products, bundles, & SKUs
Configuration exists, but need clarity on exact expectation (filtering by industry/region, or multiple different GS workflows?)								
Offline - We support offline access via the D365 Mobile Application		No	No	R73	Must	P2	Quoting	Guided Selling > Configurable guided selling by product, industry, region, and more
Note: Quotes will be read mostly, any changes to products and pricing will require connectivity. Note 2: off-line access needs to be configured by the D365 administrator.								
Yes, BUT via Excel export and reimport (Excel "templates" would be stored offline)		No	No	R74	Should	P2	Quoting	Offline mode with write back to CRM
Yes but not advisable (SKUs can be organized into multiple collections, including a collection of all SKUs without hierarch, but expect bad performance)		Built-in	Yes	R75	Should	P2	Quoting	Quoting templates (for types of system that come up a lot)
By default, this would be via cloning an existing quote and updating		Built-in	Yes	R76	Must	P2	Quoting	Same-page, dynamic quote summary as seller or channel user builds a quote
Yes		Built-in	Yes	R77	Should	P2	BMR	Is there a contract renewal capability (is this simply reading from license, loading into quote, and setting the new dates)
	The attachment of data to catalog items is the responsibility of Genetec, however, the logic that integrates this into the proposal will be handled by customer responsibility	No [Built-in, but customer responsibility]	No	R78	Must	P2	Security	Inheritance of access rights & privileges from Account Information (e.g. CRM)
Customer can manage their own "rich media" in the catalog								
	The attachment of data to catalog items is the responsibility of Genetec, however, the logic that integrates this into the proposal will be handled by customer responsibility	No [Built-in, but customer responsibility]	No	R79	Could	P2	UX	Visualization of product and SKU-related assets (brochures, datasheets) during quoting
Customer can manage their own "rich media" in the catalog								
				R80	Could	P2	UX	Visualization of product and specific SKUs during quote creation (e.g. images)

EXHIBIT 4

SUBSCRIPTION AND SERVICES AGREEMENT

This is a copy of a Licence Agreement entered into on or effective as of December 24, 2014 (the "Effective Date") by and between PTUS, Inc. a Delaware corporation, with a principal place of business at 3000 Danvers Road, Suite 900, Danvers, New York 12834, USA (the "PTUS") and Borealis, Inc., a Canadian company, with a principal place of business at 2800, Avenue Lacombe, Montreal, Q.C. H3T 1M4, Canada (the "Borealis"), each referred to herein as a "Party" and collectively as the "Parties". The term "date" of the Licence, purposes and objectives set forth herein, and the term used and conditions of licensing, the respective authority of the Parties to execute, amend, modify and terminate the Licence and the Licence Agreement are as follows:

1. DESCRIPTION

1.3 Subsequent Subject to the terms and conditions of the Agreement, BNSF grants to Genesis and its agents, sub-licensed service to the Applicant hereon for Genesis' non internal last mile purposes during the Subsequent Term, according to the Second Genesis & BNSF Agreement. It is to the Agreement by entering with a non-binding the access in the Applicant through the provision of Genesis' Open Access, of any such Order, to the Applicant, and upon balance of BNSF and the BNSF Affairs with respect to (a) and (b) of reference to Genesis and BNSF's hour shall be payable as otherwise to the Genesis' Office.

1. The Member and the Applicant Form the International Team. The Applicant is a member of the Applicant's local Jr. Youth Order and subject to the terms and conditions set forth in the 15 paragraph 1st section of the Sacred Seal Agreement. RSCS will provide the Applicant assigned to the Ministry Opening and defined in the local Order form and the Sacred Seal Agreement section of the Sacred Seal Agreement.

7. General Research Ethics: General is responsible for local compliance with the Government and its access to General Data on its Application. All persons on a local level shall adhere to the Government's standards to ensure no harm to the health of the person in the Application. General will (i) implement the necessary efforts to prevent and remove access to a user of the Application, including their immediate upon learning, where it is such a user has access to any information or changes in General, with any necessary investigation by FROG if any subject security problem or suspected breach of the Agreement is determined with all FROG provisions relating to General's access to use of the Application, including, but not limited to, their plans regarding specific changes of data or certain types of General Data released to the system with include a full or advanced disclosure of the access and use of the data.

[illegible]

1.5 1.5.481-1.5.482 During the Summer 10 to 15000 and have the right to be non response, or monitor the use of the duplication for purposes of measuring and reporting on usage.

and conducted independent research in 1990s to assess the Borel. Any data collected or created by NHTSA such as our Borel's that be received Confidential Information.

[illegible]

1.3. Expansion of Access. PRG may, in reasonable particular, authorized, sustained access in the Application to such of the information appearing sustained on the web site belonging to (i) PRG, reasonably believes that the Applicant is being used in manner violation of this Agreement by Genesis or its direct or indirect subsidiaries in kind of PRG's contents in writing, and provided to (ii) business opportunities in various forms, for the most part, (iii) Genesis refused to abide by the reasonable requirements of PRG, or (iv) PRG may, in a manner that gives PRG reasonable cause to believe that Genesis will not, comply with reasonable suggestion by PRG, or a suspected violation of the agreement of Genesis or its use of (i) the Application or Genesis files are accessed or manipulated by a third party without Genesis consent and notice, and (ii) the expansion of Genesis business resources with suspension, and PRG may reasonably believe, (iii) PRG is required by law, or a regulatory or government body, to sustain access to the Application for some reason, or the related and pertinent to Applicant, and PRG will receive benefit and a reasonable price from such a finding (iv) the burden of the sustenance of such information is substantial (v) the security of such information is important, (vi) the legal liability, and requirement (vii) with PRG's doing, handling, or business due to such such requirements and (viii) PRG knows, or has knowledge, upon the facts of case, Genesis can obtain such requirements. PRG shall make reasonable efforts to such information, reasonable efforts to be done with such best effort, and effect, or the extent, the degree, or the prohibited by applicable law (in which case PRG shall advise Genesis of the same as part of its prior written notice) (ix) any unauthorized external activity is, or may possibly be, in more than thirty (30) calendar days past the date, or (x) there is a significant and serious threat for which PRG reasonably believes that the expansion of access in the Application is necessary to protect the data maintained in or with Genesis' network of the Application and provided to or for the benefit is available. Except to the extent expressly set forth in this Agreement, PRG shall not grant access in the Application for any other person or organization.

The 4-1111 Form is revised June 2002. Information on the 4-1111 Form can be found in the user manual and a glossary. Under 1800-150-2702. Confidentiality will be used to verify any information on the 4-1111 Form. Confidentiality of the 4-1111 Form will be used to verify any information on the 4-1111 Form. Confidentiality of the 4-1111 Form will be used to verify any information on the 4-1111 Form.

reasonable prior written request from Genetec, which shall not be given more than once every 12 calendar months, allow Genetec internal and/or external auditors who are reasonably acceptable to PROS to access PROS' premises during business hours, subject to appropriate confidentiality measures and policies generally applicable to a person's access to PROS' premises, to validate PROS' compliance with PROS' privacy obligations set out in this Agreement and to audit accounting records to verify the accuracy in the invoicing of Professional Services billed on a time and materials basis. If such audit uncovers an undisputed overcharge of fees and/or a material breach of PROS' obligations, PROS will (i) reimburse Genetec for the cost of performing the audit; (ii) reimburse Genetec for such overcharge; and (iii) promptly correct such identified material breach. In the event PROS' then-current SOC 2 audit report, ISO 27001 Certification or other comparable industry-standard successor report or certification are not renewed, PROS will reasonably cooperate with security assessment activities that Genetec may undertake from time to time in connection with PROS' performance under this Agreement, and will address in a timely manner security issues that are uncovered in such assessments.

1.9 Background Checks.

- (A) For the purpose of this section, "**Background Check**" shall mean a background investigation performed on PROS employees (together "**PROS personnel**") within the limits permitted under the applicable law by a reputable investigative agency that conducts background checks utilizing database checking, field checking, and interviews as needed. Such Background Check shall include:
- i) A verification of the criminal history that will consist of a federal and state or provincial check for felony criminal convictions (or the equivalent thereof under applicable law) in all locations where the assigned PROS personnel has resided, has been employed, or has attended school in the immediately preceding seven (7) years. This criminal history check shall include, to the extent available and permitted by applicable law, a check for outstanding warrants and a check for pending felony charges in all such locations. Statewide county searches shall be performed in all states where such search mechanism is available without requiring specialized data (such as fingerprints or DNA), and the National Criminal File database shall also be searched.
 - ii) A verification of the PROS personnel against the National/State Sex Offender Registry (<http://www.familywatchdog.us/> with no state selected) or the equivalent, to yield a national and all-states search.
 - iii) A verification of the highest college diploma, degree or certificate earned.
 - iv) A verification of the employment history for the two (2) most recent employers for the previous five (5) years of employment and military service, or less if the PROS personnel was a full-time student during that period.
 - v) A verification of the name to which PROS personnel's Social Security Number is attributed.
 - vi) A verification of the PROS personnel's citizenship, most recent country of permanent residence, and legal right to work in the jurisdiction in which the PROS personnel will be performing services for Genetec.
- (B) For any period of time encompassed in the foregoing Background Check requirement when PROS personnel were resident outside of the United States, the criminal convictions check shall include the equivalent, under relevant non-US law, of those convictions described in paragraph 7.3(A) above.
- (C) PROS shall cause a Background Check to be completed on all assigned PROS personnel (i) who have access to Genetec Confidential Information, prior to such access; and (ii) who will perform support services or Professional Services. PROS shall certify to Genetec in writing, upon Genetec's written

request, that it has met the Background Check requirements for all PROS personnel then assigned to provide services to Genetec. PROS will comply with all applicable laws in conducting the Background Check specified herein, including but not limited to securing from each assigned PROS personnel written consent to perform the Background Check specified herein and to confirm with Genetec that such PROS personnel passed the background check standards of PROS upon Genetec's written request. Without limitation of the foregoing, PROS will make all written disclosures to and obtain written consent from each PROS personnel to obtain consumer reports as defined in and required by the Fair Credit Reporting Act.

- (D) PROS shall not assign PROS personnel to provide such services hereunder if such PROS personnel:
- i) has been convicted of a felony (or the equivalent thereof under relevant law) within the last seven (7) years which PROS concludes the circumstances of which are directly job-related to the assignment at Genetec and therefore makes the PROS personnel unsuitable for that assignment at Genetec, or for whom a warrant is outstanding, or for whom a felony charge is currently pending when such charge makes him/her unsuitable for assignment at Genetec. The foregoing shall not apply to a minor traffic violation (a moving traffic violation other than, but only to the extent in each case such violation is a felony, reckless driving, hit and run, driving to endanger, vehicular homicide, driving while intoxicated or other criminal offense involving gross negligence, recklessness, intentional or willful misconduct while operating a motor vehicle), to a conviction that has been legally expunged; or
 - ii) is on the national or any state Sex Offender Registry which PROS concludes the circumstances of which are directly job-related to the assignment at Genetec and therefore makes the PROS personnel unsuitable for that assignment at Genetec; or
 - iii) does not have the legal right to work in the jurisdiction in which the PROS personnel will be performing services for Genetec; or
 - iv) the results of any Background Check, or PROS' actual knowledge, indicate that such PROS personnel may pose a threat to Genetec's property, employees, Users, and Confidential Information or such PROS personnel would be otherwise unsuitable for assignment, including any training for the services to be provided to Genetec.
- (E) RESERVED.
- (F) Where commercially reasonably feasible, PROS shall, in its contracts with all subcontractors in the provision of Professional Services to Genetec, require substantially similar obligations with respect to background checks.

1.10 **Subcontractors.** PROS will ensure that each subcontract used in the performance of its obligations hereunder is in writing and contains, at a minimum, provisions reasonably necessary to enable PROS to comply with its own obligations under this Agreement. The delegating or subcontracting of all or any part of PROS' obligations set out in this Agreement to any subcontractor will not relieve PROS from any obligation or liability under this Agreement and PROS will remain responsible for the performance of all or any part of its obligations set out in this Agreement to the same extent as if such obligations were performed by PROS. Any breach of this Agreement by any subcontractor will be deemed to be a breach of this Agreement by PROS. If PROS becomes aware of any Security Breach under a PROS subcontract, PROS will promptly notify Genetec in writing and provide Genetec with such information relating to such Security Breach as Genetec may reasonably request.

2. FEES.

2.1 **Fees.** Genetec will pay all fees for the subscription to the Application and Professional Services as set forth herein or on the applicable Order(s) and/or SOW(s), except for those disputed in

good faith by Genetec which shall become payable solely after the resolution of such dispute by the Parties. Payment obligations are irrevocable and non-cancellable, and any fees paid are non-refundable, except as set forth in Sections 5.4 and 8.3.

2.2 Invoices. PROS will invoice Genetec for Application subscription fees for the first year of the Subscription Term on or after the effective date(s) indicated in the relevant Order, and for any subsequent year of the Subscription Term, in advance of each such annual period on a date which will cause such fees to become due and payable the week prior to the commencement of such annual period. PROS will invoice Genetec for Professional Services fees as set forth in the applicable SOW. Invoices will be issued electronically to the 'invoicing contact' identified in the applicable Order or SOW.

2.3 Payment. Except for any invoiced amounts disputed in good faith by Genetec, invoices are payable upon receipt and are past due if not paid within sixty (60) days from the date of invoice. Genetec will pay any reasonable legal fees or other costs incurred by PROS to collect any such undisputed delinquent amounts. Genetec may not withhold (except as a result of a reasonable and good faith dispute of invoiced amounts communicated to PROS in writing prior to the due date) or offset fees due to PROS for any reason.

2.4 Taxes. Fees are exclusive of Taxes, and Genetec will be solely responsible for the payment of all such Taxes (other than Taxes computed on the basis of the net income of PROS). If any applicable law requires Genetec to withhold amounts from any payments to PROS hereunder, (i) Genetec will effect such withholding and remit such amounts, and (ii) the sum payable by Genetec upon which the deduction or withholding is based may be increased to the extent necessary to ensure that, after such deduction or withholding, PROS receives and retains, free from liability for such deduction or withholding, a net amount equal to the amount PROS would have received and retained in the absence of such required deduction or withholding. Upon request, Genetec will provide PROS evidence that any withheld amounts have been remitted to the applicable governmental authority. If a resale certificate or other certificate or document of exemption is required in order to exempt the Application subscription from any tax liability, Genetec will furnish such certificate or document to PROS within thirty (30) days of the Effective Date. Genetec will promptly provide PROS with any changes in the status of such resale certificate.

3. PROFESSIONAL SERVICES.

3.1 Professional Services. During the Subscription Term, PROS will provide the Professional Services as described in an applicable SOW. PROS is not responsible for any delay in, or failure to provide the Professional Services, to the extent attributed to Genetec, to third parties retained by Genetec or to any other third party which is not PROS agents or contractors.

3.2 Expenses. Genetec will reimburse PROS for all reasonable travel and subsistence expenses computed at the rates specified in the applicable SOW for non-local travel, and airfare, meals and other out-of-pocket expenses, provided that PROS shall submit to Genetec for prior written approval an estimate of any such expenses (which estimate shall not be exceeded by more than five percent (5%) in the related invoice); provided that PROS shall not be required to travel for any Professional Services for which it does not receive such approval from Genetec. Genetec may agree that business class airfare is reasonable based on relevant circumstances, namely for all required single flights by PROS personnel that is over eight (8) hours.

3.3 Work Product. A SOW may identify any work product to be prepared as a result of the performance of the Professional Services ("**Work Product**"). All right, title and interest in and to any Work Product will remain in PROS. PROS grants Genetec a non-exclusive, non-sublicensable, non-transferable license to use, execute, reproduce, display, perform and distribute the Work Product, solely during the applicable Subscription Term and for Genetec's own internal business purposes. Genetec will

reproduce the copyright notice and any other legend of ownership on any copies made under the license granted in this Section 3.3.

3.4 Purchase Orders. Where the Professional Services do not require the creation of Work Product, Genetec may purchase such Professional Services from PROS by issuing a purchase order that (i) references this Agreement, and (ii) is accepted by PROS (a "**Purchase Order**"). All accepted Purchase Orders will be deemed to be SOWs hereunder, any additional or conflicting terms or conditions contained in Purchase Orders will be disregarded, null and void, and the terms of the Agreement will govern all Purchase Orders.

3.5 Content. Each SOW or Work Order shall contain, at the minimum, and to the extent applicable to the relevant SOW or Work Order, the following information: (i) a description of in-scope work; (ii) [Reserved]; (iii) a timeline; (iv) a list of assumptions, dependencies and constraints; (v) the specific, key responsibilities of Genetec for clarification only; (vi) the name and contact information of each Party's point of contact for the SOW or Work Order (which may be changed subject to written notice); (vii) detailed Professional Services fees; and (viii) a reference to this Agreement. Any change to an SOW or Work Order will be handled through the PROS change control process set forth at: pros.com/changecontrol. Any additional work beyond the scope of an SOW or Work Order will be handled in a change order or additional SOW or Work Order, which will not be effective until signed by both Parties.

4. REPRESENTATIONS AND WARRANTIES.

4.1 Authorization; Execution; Compliance. Each Party hereby represents to the other that (a) it has full right, power and authority to enter into this Agreement and to perform all of its obligations hereunder; (b) this Agreement constitutes its valid and binding obligation, enforceable against it in accordance with its terms; and (c) its execution, delivery and performance of this Agreement will not result in a breach of any material agreement or understanding to which it is a party. PROS covenants that it will comply with all applicable laws and regulations applicable to it as a SaaS provider in the jurisdictions in which it operates and covenants that it will take efforts to ensure that its employees, officers, directors, authorized agents and subcontractors shall comply with laws and regulations applicable to such persons in their official capacities in the performance of PROS obligations under this Agreement.

4.2 Application. PROS warrants that, throughout the Subscription Term, the Application will conform in all material respects to the specifications set forth in the Documentation. Genetec's sole and exclusive remedy under this warranty will be limited to PROS using commercially reasonable efforts to promptly correct any non-conformance and deploy a corrected version of the Application at issue under the subscription for the Application. If PROS is unable to correct such non-conformance, Genetec may terminate the applicable Order within the following two months, in accordance with Section 8.

4.3 Support and Professional Services. PROS warrants that all Professional Services will be performed in a professional manner using reasonable care and skill. If within one hundred twenty (120) days of the completion of any Professional Services, Genetec notifies PROS that Professional Services were not performed as warranted in this Section 4.3 and provides details regarding such deficiency, then PROS will re-perform deficient Professional Services at no charge to Genetec. Such re-performance will be Genetec's sole and exclusive remedy and PROS' sole obligation under this warranty. PROS covenants that (i) it will use adequate numbers of qualified personnel to perform its support and Professional Service obligations under this Agreement and the applicable SOW or Work Order; and (ii) all Professional Services will be performed in material conformance with the applicable SOW or Work Order. PROS personnel assigned to perform the Professional Services on-site at Genetec will at all times comply with Genetec's generally applicable security rules

and any letters and any other letter preceding or following in the same group.

[illegible]

5. INDEMNIFICATION

[illegible][illegible]

107. Therefore, Defendant, David Rapp's disclosure under Sections 53 and 54 and especially so defined by the Party Set, SO 200-0-0001 (a) providing protection of the claim, (b) giving the control of the defense and settlement of the claim to the "Other Parties" responsible conducting by the Party in charge of the defense and settlement, (c) using no personal or secret, with certain, any way of being good, (d) conducting with respect to each claim without the defending Party's prior written consent, (e) public concern must not be unreasonably withheld.

[illegible]

A.5 – I agree that RPA will have no liability for any claim based on (a) use of the Application or under any other software, hardware, network or system not supplied or approved by RPA where the claim relates to such installation; (b) transfer, disclosure or any manner of misdirection of the Application either directly ("Breach") or indirectly, nor transfer of third party linking website after being notified in writing of such alleged infringement; or (c) use of the Application not in accordance with the Documentation.

2.5. The additional liability of a partner in a partnership, partnership's entire liability with respect to a third party cannot be exceeded in Section 2.1 and 2.2.

5.3. Each Party, Remediation Obligor and TO, understands that the use of or access to Remedial Funds is controlled by PRCA. PRCA is not responsible for the actions of the Applicant. PRCA will pay the cost of the remedial work and will not be liable to the Applicant for the following items: access and to the extent permitted by applicable law, provided that no reasonable care or any required form of occupation is shown in the case of the Applicant; (b) reasonable costs for the Applicant to search to ascertain government and relevant industry safety policy requirements in the field and to install an alarm Remedial Funds are not available under contract (although, through a) reasonable costs for providing a credit to the Applicant to offset the Applicant's liability for a period of one year after the date of the safety incident; (c) the cost of the investigation that may be necessary to such a remedy; (d) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (e) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (f) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (g) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (h) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (i) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (j) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (k) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (l) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (m) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (n) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (o) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (p) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (q) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (r) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (s) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (t) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (u) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (v) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (w) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (x) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (y) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident; (z) the cost of a credit to the Applicant to offset the cost of the Applicant's liability for a period of one year after the date of the safety incident.

6. LIMITATION OF LIABILITY

4. Exclusions. Except for the Parties' respective personalization and information under Section 5 (except PRODS' claims) and under Section 5.1(a)(i), no damages or claims (a), (ii), (iv), (v), (vi), or (x) of Section 1.4, in a given suit, shall apply or relate to the other under this Agreement or otherwise under any theory, including contract and tort, for any loss or from a loss of profits, indirect, special or incidental, consequential, exemplary, or punitive damages, including (but not limited to) damages for loss of data, loss of time, loss of reputation or loss of business, even if such Party has been advised of the possibility of such damages. The foregoing exclusion will not apply to the extent prohibited by law. The exclusion set forth in this Section 4.1 will not apply to damages caused by the willful misconduct or gross negligence of a Party (where willful misconduct is construed to mean conduct characterized, composed of pattern or systematic management, and which involves a conscious and repeat violation of the duty to use reasonable care (and not merely a failure to exercise reasonable care), which is likely to cause potential harm to many persons, objects, or things).

6. **LIMITED LIABILITY.** NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, EACH PARTY'S LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT WILL BE LIMITED TO: (A) THE MAXIMUM AMOUNT PAID TO PRODS UNDER THE APPLICABLE GROUP'S SDW, IN LUMP SUM, LESS WHICH LIABILITY ARISES, DURING THE TWELVE (12) MONTH PERIOD PRECEDING THE INCIDENT GIVING RISE TO LIABILITY AND (B) THE GREATER OF THREE (3X) TIMES THE AMOUNT RECEIVED BY SUBSIDIARY B.2) (A) OR US\$4,000,000 WITH RESPECT TO PRODS' REMEDIATION OBLIGATION IN SECTION 5.1.(c), BREACHES OF SECTION 7.2, SECTION 7.3, OR A SECURITY BREACH WHICH OCCURS AS A RESULT OF PRODS' BREACH OF SECTION 1.6. THE FOREGOING LIMITATION WILL NOT APPLY IN THE EXTENT PROHIBITED BY LAW. THE EXCLUSIONS SET FORTH IN THIS SECTION 6.2 WILL NOT APPLY TO DAMAGES CAUSED BY (A) THE PARTIES' RESPECTIVE REMEDIATION OBLIGATIONS UNDER SECTION 5 (except PRODS' OBLIGATIONS UNDER SECTION 5.1.(c)); (B) GARDNER'S REMEDIATION OBLIGATIONS; (C) BREACHES OF CLAUSES (I), (II), (IV), (V), (VI), OR (X) OF SECTION 1.4; AND (D) THE WILLFUL MISCONDUCT OR OTHER MISCONDUCT OF A PARTY, WHERE WILLFUL MISCONDUCT IS DEFINED TO MEAN CONSCIOUS MIS-DEED, COMPLETED OR INTENDED BY RESPONSIBLE MANAGEMENT. FOR AVOIDANCE OF DOUBT, A CONSCIOUS AND BLATANT DISREGARD OF THE NEED TO USE REASONABLE CARE (AND NOT MERELY A FAILURE TO EXERCISE

REASONABLE CARE) WHICH IS LIKELY TO CAUSE FORESEEABLE GRAVE INJURY OR HARM TO PERSONS, PROPERTY, OR BOTH.

7. PROPRIETARY INFORMATION.

7.1 Intellectual Property. Genetec retains all right, title and interest in and to all Genetec Data. Genetec grants PROS a worldwide, non-exclusive, irrevocable, royalty-free, perpetual license to (i) aggregate Genetec Data during the Subscription Term with other data to create Anonymous Aggregated Data; and (ii) use, modify, distribute, and create derivative works of Anonymous Aggregated Data. PROS will only utilize Anonymous Aggregated Data to operate and improve PROS business, products and services. PROS retains all right, title, interest and intellectual property and proprietary rights in and to the Application, Operational Data, Documentation and Professional Services, including all copies and derivative works thereof (by whomever produced), any and all suggestions, recommendations, enhancement requests, or other feedback provided by Genetec in connection with this Agreement; provided that such right, title, interest and intellectual property and proprietary rights of PROS do not extend to Genetec Data, and Genetec retains ownership to all Genetec Data embodied therein. Genetec will not acquire any rights therein by implication, estoppel or otherwise.

7.2 Confidentiality.

(A) Receiving Party will use Confidential Information solely in performance of this Agreement, and will not disclose any Confidential Information other than as permitted or required for discharging its obligations under this Agreement, except with Disclosing Party's prior written permission. Receiving Party will protect the confidentiality of Confidential Information by exercising the same degree of care with which it protects its own information of a similar nature, but no less than a reasonable degree of care, and will limit the use of, and access to, Confidential Information to those individuals whose use or access is necessary in order to perform under this Agreement and who have entered into a written confidentiality and non-disclosure agreement or are bound by professional obligations of confidentiality with terms covering the protection of Confidential Information that are substantially similar to those set out in this Section 7.2.

(B) Confidential Information will not be deemed proprietary or confidential, and Receiving Party will have no obligation with respect to such information, where the information: (i) was known to Receiving Party prior to receiving any Confidential Information from Disclosing Party as evidenced by written documentation; (ii) is or becomes publicly known through no wrongful act or omission of Receiving Party; or (iii) was received by Receiving Party without breach of this Agreement from a third party without restriction as to the use and disclosure of the information. Receiving Party may also disclose Confidential Information if, in the opinion of Receiving Party's counsel, disclosure is required by governmental order, decree, regulation, or rule; provided, however, that Receiving Party will provide prompt written notice of any such obligation to the extent not prohibited by such governmental order, decree, regulation, or rule, and reasonable assistance to Disclosing Party prior to disclosure of any Confidential Information to allow Disclosing Party to seek an appropriate protective order or other equitable relief.

(C) Upon request by Genetec made within thirty days after the effective date of termination of this Agreement or expiration of any Subscription Term, or at any time during the Subscription Term upon written request from Genetec (not to be exercised more than three times during any 12-month period), PROS will make available to Genetec for download a file of Genetec Data in well accepted industry standard formats (ascii, xml, database backups) that are readily available to Genetec. After such 60-day period, PROS will have no obligation to maintain or provide any Genetec Data and will thereafter (unless legally prohibited) delete

all Genetec Data in its systems or otherwise in its possession or under its control.

(D) Notwithstanding anything to the contrary in this Agreement relating to the return of Confidential Information, Receiving Party shall be entitled to retain (i) one secure copy for legal archival purposes to evidence its compliance with the terms of this Agreement and (ii) copies of electronically exchanged Confidential Information held in backup systems in accordance with its routine information technology backup process; provided that, in each case, such retained Confidential Information remains subject to the confidentiality obligations set forth herein.

7.3 Personal Data. All Personal Data that PROS receives, collects or otherwise processes as part of its obligations under this Agreement shall be treated by PROS in accordance with its Privacy Notice located at: pros.com/saas/privacy-notice/, any Data Processing Addendum entered into by the Parties and the privacy and data protection laws applicable to PROS. PROS shall only process such Personal Data to the extent necessary to fulfill its obligations under this Agreement or as permitted under this Agreement.

8. TERMINATION.

8.1 Termination. An Order or SOW issued hereunder will terminate if either Party (i) fails to perform any of its material obligations thereunder and (ii) fails to cure such breach within thirty (30) days after written notice from the non-breaching Party (or if such breach cannot be corrected through the exercise of reasonable diligence within such thirty (30)-day period, if the breaching Party does not commence to correct such failure within such thirty (30)-day period and thereafter diligently prosecute same to completion). Such written notice shall specify in detail the alleged material breach. For the avoidance of doubt, any Order or SOW issued hereunder and not terminated pursuant to this Section 8.1 shall remain in full force and shall continue for the term stated therein (unless otherwise terminated in accordance with this Agreement).

8.2 Immediate Termination. Either Party may immediately terminate this Agreement by giving written notice of such termination to the other Party on the occurrence of the following events: (i) the other Party becomes the subject of a voluntary or involuntary petition in bankruptcy or any petition for similar relief; (ii) the appointment of a receiver or liquidator for the other Party's property; (iii) an assignment by the other Party for the benefit of its creditors or the acknowledgment by the other Party that it is unable to meet its obligations on the maturity thereof; (iv) the other Party ceases to conduct business in the normal course; or (v) any breach of clause (ii), (iii), (iv), (v), (viii) or (ix) of Section 1.4.

8.3 Effect of Expiration or Termination. Upon termination or expiration of an Order, all Application subscription(s) granted thereunder will terminate immediately and, where an Order is terminated as a result of an uncured breach by PROS, PROS will also refund to Genetec any pre-paid subscription fees prorated to the remainder of the pre-paid term.

8.4 Termination Assistance Professional Services. Except where the subscription is terminated by PROS for cause attributable to Genetec, PROS will make available to Genetec, during any applicable notice period and for a reasonable period of time after the expiration or termination of the subscription (but in no event for less than twelve (12) months), such termination assistance Professional Services as may be reasonably requested by Genetec to facilitate the orderly transition of PROS responsibilities hereunder to Genetec or its designee. Such Professional Services will be provided pursuant to an SOW under then-current fees for similar Professional Services.

8.5 Survival. Except to the extent expressly provided to the contrary herein, the obligation of Genetec to pay in full any outstanding fees and other monies due and Sections 1.4, 2.4, 4, 5, 6, 7, 9.2 and 9.3 will survive the termination or expiration of the Agreement.

9. GENERAL.

9.1 Defined Terms.

(a) **"Agreement"** means this Subscription and Services Agreement, together with all Orders, SOWs and the Policies. The terms of the Agreement will control over any different or additional terms of any purchase order submitted by Genetec and over any conflicting terms in PROS' Policies but only with respect to such conflicting subject matter. The terms of an SOW or Order will have precedence over any conflicting terms in this Agreement, but only with respect to the subject matter of such SOW or Order, and over any conflicting terms in PROS' change control process located at pros.com/changecontrol.

(b) **"Anonymous Aggregated Data"** means Genetec Data that has been aggregated with other data and anonymized to exclude data that would enable the identification of any individual, company, or organization. Anonymous Aggregated Data will not include Genetec Confidential Information or otherwise be in any way linked to or reference Genetec.

(c) **"Application"** means the PROS software-as-a-service platform specified in the applicable Order, together with the accompanying Documentation made available by PROS to Genetec pursuant to the subscription.

(d) **"Confidential Information"** means any data or information in any form that is disclosed to either Party, including directly or indirectly disclosed to a Party's subcontractors for the performance of a Party's obligations under this Agreement (**"Receiving Party"**) by or on behalf of the other Party (**"Disclosing Party"**) and that either (i) relates to Disclosing Party's proprietary software, information technology, business plans, forecasts, customer information, marketing information, trade secrets and/or financial performance, (ii) is identified as proprietary or confidential in writing at the time of disclosure (or that, due to its nature or under the circumstances surrounding its disclosure, ought to be treated as proprietary and confidential by a reasonable person), or (iii) is Genetec Data. For the avoidance of doubt, confidential information disclosed by a Party includes information received from a third party through a confidential arrangement that meets the criteria outlined in paragraphs (i) to (iii) as set forth in this clause (d).

(e) **"Documentation"** means the online user guides and technical documentation made generally available for the Application, but excluding any marketing materials or demonstrations of the Application.

(f) **"Genetec Affiliate"** means any company or legal entity that controls, is controlled by, or is controlled by an entity that controls Genetec. All derivatives of the word **"control"** mean the ownership directly or indirectly of more than fifty percent (50%) of the voting rights representing the right to vote in the election of directors or other managing authority in a company or other legal entity.

(g) **"Genetec Data"** means all electronic data or information submitted by or on behalf of Genetec for use in the Application and portrayed in documents (such as reports and quotes) generated by the Application based on such electronic data or information.

(h) **"Losses"** means, in connection with an indemnified claim, (i) the liabilities, damages and all related costs and expenses, including without limitation reasonable attorney fees, legal costs, defense costs awarded as the amount of a final judgement (including any award of fees, interests, penalties and expenses), rendered against the indemnitee, (ii) defense costs, (iii) and/or the amount of a settlement entered into by the indemnifying Party, or with the indemnifying Party's consent.

(i) **"Operational Data"** means data derived from the performance, use, and operation of the Application, including the number of records in the Application, and the number and types of transactions, configurations, and reports processed in the Application. Operational Data should not include Genetec

Confidential Information and must not be capable of being traced back to Users.

(j) **"Order"** means the order for a subscription to the Application in written form executed by both Parties (or, if applicable, submitted online by Genetec to PROS).

(k) **"Personal Data"** means any Genetec Data relating to an identified or identifiable natural person, namely through identifiers such as a name, an identification number, location data, an online identifier or one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

(l) **"Policies"** means the policies and additional terms that are in effect as of the effective date of the relevant Order located at pros.com/SaaS, including the Privacy Notice, Security Policy and Service Level Agreement.

(m) **"Professional Services"** mean the implementation, strategic consulting or other professional services (but excluding support) PROS may perform for Genetec pursuant to an SOW or Work Order.

(n) **"Scope"** means the scope of use for the Application as set forth in the applicable Order.

(o) **"Security Policy"** means the PROS cloud security Policy that is in effect as of the effective date of the relevant Order located at: pros.com/SaaS/security.

(p) **"Security Breach"** means an actual (i) acquisition or use of Genetec Confidential Information, or execution of operations or functions of the Application, without authorization and through an actual contravention of security measures; or (ii) other unauthorized loss or misuse of Genetec Confidential Information.

(q) **"Service Level Agreement"** means the service level agreement that is attached to the relevant Order, or if no service level is so attached, then the service level which is in effect as of the effective date of the relevant Order located at pros.com/SaaS/SLA.

(r) **"SOW" or "Work Order"** means a work order for Professional Services (or an Order that includes Professional Services) executed by the Parties, or any change order referencing an SOW or a Work Order and executed by the Parties. No SOW or Work Order is binding upon either Party unless signed by both Parties, and neither Party will be liable to the other with respect to unsigned SOWs or Work Orders.

(s) **"Subscription Term"** means the period during which Genetec has paid for and is entitled to receive the subscription to the Application. The Subscription Term commences on the effective date of the relevant Order (unless otherwise specified therein) and continues for the period specified in such Order.

(t) **"Taxes"** means any and all of the following: sales, use, excise or similar taxes, value added taxes, and any costs associated with the collection and withholding of any of the foregoing items.

(u) **"Users"** mean individuals who are authorized by Genetec to use the Application, subject to the terms of this Agreement, and have been supplied user identifications and passwords by Genetec. Where applicable, the number of Users authorized to use the Application will be set forth on the relevant Order.

9.2 Export Control Laws. The Application and associated technical data are subject to U.S. export control laws and regulations, and may be subject to export or import laws and regulations in other countries. Genetec represents that Genetec is not (i) on the U.S. Department of Treasury, Office of Foreign Asset Controls list of Specially Designated Nationals and Blocked Persons or on any other U.S. Government lists of denied or sanctioned parties and (ii) otherwise a person to whom PROS is legally prohibited to provide access to the Application and associated technical data or provide Professional Services. Each Party is responsible for obtaining any U.S. and non-U.S.

governmental information and, with respect to the non-amendable documents requested, prepare and, in cases, determine the following: including, but not limited to, the following: (a) the date of the application; (b) the date added by each party to the application; and (c) any application to be amended, be returned under applicable laws and regulations.

5. The Government of the United States, in the Red Sea and 2 weeks of attacks, ended as pursuant to Section 1, below, the agreement. It will be continued, given the and the fact that in accordance with the laws of the State of New York, United States, as the conflict of law principle, the State and Federal courts, United States, in the Southern District of the State of New York, will have exclusive jurisdiction to adjudicate any dispute arising out of or relating to this Agreement, and each Party consents to such jurisdiction. United States, and each Party also hereby waives any right to any kind of compensation or reimbursement in any way arising out of or related to this agreement. The United Nations Convention on Contracts for the International Sale of Goods (1980) and the Uniform Commercial Code (Uniform Commercial Code) shall apply to the contract.

9. Indemnity Bank. The Parties agree that a breach of Section 1.4, 7.2 or 7.3 will be held separately and nothing demands or inhibits either party to seek redress of any, and any, Party with the limited obligation to settle with the other, or putting to a dispute a dispute for which the other is not liable or to be bound by the decision.

[illegible]

9.5 **Trademarks.** Neither Party will license or transfer its rights in any Agreement without prior written consent of the other Party. Subject to General's prior written consent, PPGS may refer to General as "PPGS" and/or "our" and General's logo, its trademarks and promotional signs be included in all parties' as well as in communications and customer lists generally distributed or made available, provided that the use of such logo will be subject to General's prior written approval. Any platform quality control reviews to ensure the use of logos must be done by the guidelines PPGS' use of General's logo shall be consistent with the terms of this Agreement. Neither Party shall use PPGS' logo or General's logo at any time and in all cases and such violation shall be effect the termination of this Agreement. In addition General may agree or be authorized under PPGS' policies and procedures to remove or modify or delete any use of logo, design and styling of solution set-view containing General's Application jurisdiction with individual third parties. General's products, name, Party and its logo and trademarks will be subject to their permission.

5.7. The same 300,000 copies of the 1945 Agreement, 1,000 copies of the 1946 Agreement, and 100,000 copies of the 1947 Agreement were distributed to the 1945-1946, 1946-1947, and 1947-1948 conferences of the conference series. The balance of the 1,000,000 copies was sold to the Party, many copies of which were distributed by the Party in accordance with the various instructions received by the Party.

DATE: 11/11/2011 TIME: 11:11 AM

For the first time, a few authors specified states, or at least regions, in which the study was conducted.

(b) If the P.O.S. or P.O.S. Inc., 5150 Hill Street, Suite 500,
Houston, Texas 77001-5600, General Legal Department

2.7. As long as there is no agreement between the two parties, by operation of law a bankruptcy is entered into, and the 30- or 180-day period will go into effect (which will not be necessary when the 50% of the financing is guaranteed) will be starting much more immediately, and effectively to the extent of the balance of the amount of securities and permits (2004).

[illegible]

2. If, however, the authors, under an agreement, by which Party or any right of ownership or any interest in the work, any of any work or of any right therein, will be decided or concluded to be a work of Party or, according to work of such, it would not be a work of the authors, then:

2.1. The first two fundamental principles of the system are: (a) that the user can only ask and be asked questions in the form of a question, and (b) that the user can only ask a question if he has asked a question in the previous turn.

2. 2.2. *Consistency*. Many of the provisions of the Agreement that are determined to be invalid, illegal, or unenforceable by a court of competent jurisdiction, with certain exceptions as covered by the Agreement, and the remaining provisions will continue to follow the Agreement.

2. The consequences. The Government may be expected to have a more than fair share, but it will not be due to an agreement of principle, and explicit will construct and use the same to determine. The same and common elements will be selected as a subject of the same and common.

2.2.4. Unilateral Agreement. The Agreement contains the following provisions: the Party is obtaining a 100% owned mine, hereby and of other sort of compensated, separately, investment, responsibilities, warranties, and others are represented hereby. An exception to this agreement will only be a court is required to bring and maintain the authorized officers of the board.

2.5. Insurance. Each Party shall provide and maintain throughout the Indemnification Term a business owner's policy insuring coverage, which shall include, without limitation, general commercial liability policy, and errors and omissions policy, both covering liability and damages very liability, which shall also provide with one comprehensive type of determination. In such Party, the coverage required to be obtained by a third party's negligence is limited to any of the Parties' respective policies and liabilities under the Agreement.

IN WITNESS WHEREOF, PROS and Genetec have each caused this Subscription and Services Agreement to be signed and delivered by its duly authorized officer, effective as of the Effective Date.
